Training Partners and NetDimensions Expand Market Reach with Reseller Agreement in Asia Pacific

Hong Kong, 26 May 2011 – Training Partners, Asia Pacific's leader in networking, project management and data communications training, and NetDimensions (London Stock Exchange AIM: NETD), a global provider of performance, knowledge and learning management systems; announced today that Training Partners has joined NetDimensions' global reseller network as a certified reseller for NetDimensions' award-winning learning and talent management products.

"We are extremely happy we are working together with Training Partners as part of our official reseller program," said Jay Shaw, CEO and Managing Director of NetDimensions.

"We believe there are great opportunities in front of us, and the synergy between our innovative product portfolio and Training Partners' expertise in delivering IT training solutions is bound to generate tremendous market momentum in Asia Pacific."

Training Partners is widely recognised as Asia Pacific's training trendsetter, consistently setting new industry benchmarks and deploying cutting-edge technologies. The company provides vendor-specific and customized learning consultancy services with a focus on IT in over 13 Asia Pacific countries. Training Partners' IT training solutions include courses for Blue Coat, Brocade, Checkpoint, Cisco Systems, EMC, Juniper Networks, Microsoft, Riverbed and VMWare among others.

"Going beyond our popular classroom courses, we continue to offer our clients additional content and complementary learning resources via e-learning (and other alternative delivery modes), we are excited about the partnership with NetDimensions," said Esther Wong, General Manager of Training Partners.

"Especially in Asia where internet access may not be as pervasive in some remote cities, we believe that the NetDimensions mEKP portable LMS is the solution. mEKP, together with EKP reaches out to all learners (even those in remote branches or office) in a homogenous manner."

NetDimensions and Training Partners are currently implementing EKP (Enterprise Knowledge Platform) LMS and mEKP (mobile EKP) solution for a large pharmaceutical company with operations in Asia, including China and India.
